

## **2024 VIDEO INFORMATION and PRICING**

Imagine watching your child(ren) grow up on video year after year with Santa at Phipps.  
Start a lifetime of memories with your child(ren) today!

We can record your visit using a standard definition or high-definition video camera.  
We recommend the high-definition format because the standard definition technology  
will eventually become obsolete.

Santa is wearing a lapel microphone to capture the conversation with your child(ren).

Standard definition videos will be burned onto a DVD and mailed via USPS.

High-definition videos will be emailed in a downloadable link. You can share this link with  
family and friends, as well as post it to your social media platforms. You will receive a “Santa  
at Phipps” case along with a flash drive to save your video file on.

We strive to offer the best services available. When you purchase a video each year, we will  
archive your visit for safe keeping. Thus, allowing you the opportunity to purchase a lifetime  
compilation of all your visits.

*\*Video pricing is per family (siblings not cousins)*
